## WELCOME TO EVEREST ACADEMY

Everest Academy is a full-time private Islamic School located at 610 Brand Lane, Stafford, Texas. Neighboring cities include Sugar Land, Missouri City, and Houston. Everest Academy falls under the jurisdiction of both IEIT (Islamic Education Institute of Texas) and ISGH (Islamic Society of Greater Houston). It is accredited by AdvancED, SACSCASI, Texas Education Agency (TEPSAC) and CISNA; and is a member of the Islamic Schools League of America, and Tribes Learning Community.

Everest Academy opened its doors in August 2007 with a nominal number of students. The school has made remarkable progress in a relatively short span of time. The over 33,000 square feet, state of the art, modern building was built in several phases. The first phase of the facility was 6000+ square feet and was built specifically to serve as an elementary school. In 2009, an additional 7,500+ square-feet was added to include early childhood classrooms, a multi-media library and an Arabic lab. In 2014, Everest Academy has added another 20,000 square feet extension, which includes an indoor PE area, Science lab, Hifz lab and classrooms for middle school students. The school is furnished with modern amenities including computers, smart boards, and other audio, video and visual teaching-aids.

Our qualified administrators and teachers are dedicated to using best practices and resources to provide instruction, inspire students to achieve academic excellence, and instill high moral standards. These key tenets are at the heart of Everest Academy's mission and truly prepare students for the challenges of living in the 21<sup>st</sup> century as successful Muslim Americans.

We invite you to contact us to learn more about our school. The opportunities for student success at Everest Academy are plentiful. We have the resources, expertise, and a mission-driven philosophy to offer a school setting that is truly unique, wholesome, and exciting.

# OPERATIONAL POLICIES AND PROCEDURES

## ATTENDANCE & ABSENTEEISM POLICY

All students are expected to attend school regularly, unless prevented by acceptable reasons per school policy.

Acceptable and excused absence may be due to personal illness, sickness or death in the immediate family. Immediate family includes grandparents, mother, father, sisters, and brothers. A formal excuse for absence note must be submitted within five days of absence in order to be excused. In case the absence is due to health reasons, the excuse note should be signed by the student's doctor. For other reasons, the excuse note should be signed by appropriate organization, parents or guardian, as applicable.

The state's 'Compulsory Attendance Law' allows for legal action, if necessary, for excessive absences. Per FBISD policy, unexcused absences for ten days, or parts of days in a six-month period (semester), or five days or parts of days in a four-week period (quarter) are considered criminal offense.

The following procedure is followed in case a student is absent unexcused for five days in a term or ten days in a semester:

1. A Truancy Diversion Program (TDP) Notice is sent to the parents
2. Students with excessive absences must serve detention on a designated Saturday from 8 - 9 am for 5 or less unexcused absences during a term; and from 8 – 10 am for more than 5 unexcused absences during a term. A \$50 amount is charged to students' account in case detention is not served. Failure to serve detention or pay the fine yields to loss of credit for the year.

### 1. Missed Assignments and Grading Procedures

An absentee student is expected to make up all reports, assignments, tests, etc., missed due to absences within the same number of days the student was absent; unless the schedule is officially lengthened by school staff. Missed assignments that are not completed within the scheduled time result in failing grade on them.

Days missed by a student suspended out of school are considered excused if the student satisfactorily completes missed assignments in the same number of days he/she was suspended. Every grade that is recorded for work that was due on the days of suspension is reduced by 10 percent.

If a student is truant or has cut class, he/she receives a zero on any class assignments, tests, homework, and reports or projects due on that day. The quarterly conduct grade is also marked 'Unsatisfactory' by each teacher whose class was missed due to truancy.

A student who is absent without parent knowledge or who has cut class is assigned detention or suspension as determined by school administration.

The table below summarizes procedures for missed work due to absence:

<i>Grade</i>	<i>Tutoring</i>	<i>Late work</i>	<i>Missed Tests</i>	<i>Retests</i>
All Grades	At the relevant teachers' discretion, students may be pulled occasionally from PE, art, recess or computer for more focused intervention	<p><u>Unexcused absences:</u> All work is due on the date of return.</p> <p><u>Excused absences:</u> Students are allowed as many days as they missed to make up any work (e.g. if the child was absent for 3 days, he/she is allowed 3 extra days to turn in assignments that were due or assigned during the absence). If the child is absent only on the day an assignment is due, they must turn it in the day they return. Teacher may allow exceptions, especially if parents contact teachers with a legitimate reason in advance of the due date.</p>	<p><u>Unexcused Absence:</u> Test is given upon date of return</p> <p><u>Excused absence:</u> Test given up to one week after return. If student missed only the test, he/she can be given the test upon the date of return. If he/she missed lessons, the test must be given within one week and parents should be notified at least 1 day in advance.</p>	Retests are given for scores below 70. Prior to retesting, the teacher will provide at least 1 intervention period (student may be pulled from PE, art, recess or computer) and one informal assessment or HW assignment. The retest will be given within 2 weeks of the original test and during a specials period or before/ after school. The higher of the two scores will be recorded.
1st- 4 <sup>th</sup>		Deduct 5%/day late up to 5 days. Zero after that.		Retests may be given at the teacher's discretion. The retest will have a maximum score of 75.
5 <sup>th</sup> – 8 <sup>th</sup>		Deduct 10%/day late up to 5 days. Zero after that. For projects- 20% off first day late. 5% for each day late after that. Zero will be given eight days after the original due date.		

## 2. Tardiness

Students from grade Kindergarten and up are marked tardy for arriving after 8:05 am; Prekindergarten and Developmental Kindergarten students are marked tardy for arriving after 8:30 am. The tardy time may be extended for 5-15 minutes in case heavy traffic/ accident is reported through official sources. Tardy exceptions are made only for a doctor's note, court notice, or other reason approved by the school administration. Consequences for tardiness for students from Kindergarten and up are as follows:

- 1<sup>st</sup> three unexcused tardies in a school year are attributed to unusual circumstances and thus overlooked, even though they violate both school and state regulations.
- Every unexcused tardy after the third in a term results in one of the following:
  - a. Student is asked to serve detention on a Saturday morning from 8 - 9 am. Date will be communicated at least a week prior.
  - b. For more than 4 tardies, detention time is 8-10 am.
  - c. Failure to show up for the detention results in a fine; @ \$30 for 4 tardies or \$50 for more than 4 tardies.
- In the event that a student has more than 5 Tardies and 5 Absences in a single term, the student must attend 2-hour detention on a Saturday morning and a fee of \$50 will be automatically withdrawn through the monthly ACH payment. If a student does not serve detention, a fee of \$100 will be charged. There is no option for more than 2 hours of weekend detention.

The purpose of our Tardy Policy is not for financial gain to the school, it is to promote an orderly and organized school environment. Excessive tardiness and absence impacts both the students that are missing out on instruction as well as others in the classroom that are disrupted by the late arrival of a classmate.

Please note: Students arriving to school after 10:00 am are marked absent for the day, the same applies to students leaving school before 10:00am.

## **CELL PHONE POLICY**

Students are not allowed to use cell phones during school hours unless teachers have given permission for its instructional use during class. In an effort to keep cell phone distractions out of school, students' cell phones should be kept turned off in their back packs.

Cell phones should not ring or be used in the classrooms without consent from the teacher. In the event a student is caught in the hallways or the classroom using a cell phone or it rings during school hours, phone will be confiscated and kept in the office for parents to pick up. If phone is confiscated for the second time, it will be released to parents only after a fine of \$15 is paid. The \$15 charge is applied after every cell phone confiscation thereafter.

## **DISCIPLINE POLICY**

### **Section 1: Introduction**

The goal of discipline is to help students develop inner controls so that they demonstrate appropriate social behavior. Everest Academy educators teach acceptable behavior to students by helping them develop self-control through positive guidance and the application of easily understood rules. Our procedures for disciplining students are designed to help them develop safe and satisfying relationships and a healthy self-image.

Parents are expected to work closely with their children for development of good disposition and responsible behavior. Students are taught to greet by saying Asalamu Alaikum. Paying due respect to elders and teachers, keeping one's area neat and tidy, taking care of textbooks and personal belongings are also important. Students are expected to observe the etiquette of silence and worship during wudu and prayer. Moreover, they must practice proper ways to use the restroom by sitting down to use the toilet and flush afterwards. Such positive behaviors are encouraged at school and strengthened through practice at home.

## **Section 2: Policies and Information: Maxims of Discipline**

- **Restorative Discipline:** Our educators use restorative discipline practices which are based on respect, responsibility, relationship-building and relationship-repairing. They focus on mediation and agreement rather than punishment in order to create a safe environment where learning can flourish.
- **Positive Reinforcement:** Positive reinforcement is the presentation of something pleasant or rewarding immediately after a student demonstrates desirable behavior. Our educators believe that it is better to acknowledge children for doing something well and thus encourage them to repeat the behavior than to wait for them to error and punish them afterwards.
- **Healthy Interaction:** Potential conflicts are avoided by providing students with a variety of interesting activities at suitable intervals to keep them engaged.
- **Individual Attention:** Our teachers provide differentiated care and instruction to each student based on the student's unique strengths and needs.
- **Firm, Quiet Discipline:** Children are guided calmly towards desirable behavior.
- **Responsibility:** From an early age, children learn responsibility by picking up after themselves and managing their belongings. At our school, children are encouraged to take pride in simple accomplishments like disposing waste in the trash can or putting their material back on the shelf.
- **Redirection:** Children with undesirable behavior are calmly redirected towards activities that enable them to engage in more desirable and socially acceptable behavior.
- **Positive Guidance:** We recognize and work with each child's unique character and physical traits to accomplish immediate and long-term social, emotional, and academic goals.
- **Modeling:** We teach appropriate behavior through example and being good role models.
- **Positive Phrasing.** Our educators promote desirable behavior by using positive and constructive rather than negative language.

## **Section 3: Inappropriate Conduct**

Behavior that goes against the basic Islamic ethical codes is considered inappropriate. Failure to comply with the school dress code, possession of drugs, alcohol, tobacco, weapons or any object that threatens to inflict bodily injury are considered serious offense. Using profanity, vulgar language, making obscene gestures to fellow students, teachers or staff, committing theft, damaging school property, engaging in name calling, ethnic or social slurs, and using indecent, immoral language are some other examples of serious offenses.

Other undesirable conducts include: fighting; running and/or making excessive noise in the building and/or classroom; refusing to follow teacher's directions; refusing to participate in classroom activities; chewing gum; eating or drinking in non-designated areas; not bringing the required classroom materials and/or assigned work to class; misconduct in cafeteria such as misuse of food; cheating and/or copying the work of other students; chronic tardiness to school; unauthorized leaving of classroom and/or building; disrespectful or discourteous behavior; any other misconduct which may interfere with an orderly school environment.

#### **Section 4: Corrective Measures**

Disciplinary measures are handled according to grade level and nature of seriousness of the misdemeanor. It is our goal to provide a safe and positive educational environment to all our students. Students are expected to behave in an appropriate manner and respect other's rights and property. School administrators, teachers, and parents are responsible for ensuring that all children follow school rules. It is the responsibility of principal and teachers to take corrective action for any inappropriate behavior, particularly if it deprives other students of their right to a healthy and safe environment.

Many discipline problems are avoided by using developmentally appropriate activities, establishing a safe environment, and employing student-centered teaching methods. Positive reinforcement of appropriate behavior, redirection, decision-making strategies, and peaceful resolution of conflicts are practiced.

To counteract any undesirable student behavior, the school administration does not use physical punishment or harsh language that might frighten or humiliate children. We use Restorative disciplinary practices and refrain from taking actions that might hurt other people or damage equipment. On occasion, it may be necessary for a child to be removed from the group for a short 'quiet time' so that the child can regain control and rejoin the group when it is felt that he/she is ready. At no time, however, a child being disciplined is left unattended by staff. Students in early childhood grades are not punished for toileting accidents or failure to sleep or eat.

Everest Academy makes every effort to work with the family and the student when there are ongoing or severe behavioral challenges. We do this by meeting with the parents and, if needed, referring to the school counselor. We, as parent-school team, develop a plan for working with students demonstrating undesirable behavior persistently at school and at home. For any behavior modification plan to be effective, parent cooperation and participation is essential and therefore expected. If needed, parents are called to pick up the child early or come to the school to be with their child for a short time. In the extremely rare case when all efforts have been exhausted and dangerous, threatening, or extremely disruptive behavior still exists, or cooperation has not been shown on the part of parent(s), the school administration, based on their professional judgment, reserves the right to remove the child from school either temporarily or permanently.

#### **Section 5: Disciplinary Interventions**

Disciplinary interventions are progressive in nature. The severity of behavior determines level of intervention. Procedures are designed to promote positive behavior with emphasis on clear

expectations. The following interventions are used to address identified inappropriate behaviors: (Note: Interventions at Level I and II are handled by the child's teacher. The school principal and other administrators may become involved at any time.

<i>Student Behavior</i>	<i>Intervention</i>
<b>LEVEL I</b>	
Student refuses to follow school and/or classroom rules. (Initial use of profanity, disruptive behavior, etc.)	<p><b>Explain to student:</b></p> <ul style="list-style-type: none"> <li>• What he/she is doing wrong and how it is impacting others.</li> <li>• What is the appropriate behavior</li> <li>• What will be the consequences if behavior is repeated</li> </ul>

Each student's dress code violation is documented in school management system. After the third time a student is out of approved dress code, a fine of \$10 is charged per day.

## **DROP OFF AND DISMISSAL PROCEDURES**

Unless registered for before/after school care, students must be dropped off **not earlier than 7:30; and be picked up within 20 minutes after dismissal time.** Staff supervises student drop-off from 7:35 through 8:00 am; and for the first 20 minutes after the dismissal time. During these times, parents are requested to bring their vehicles to the covered driveway by the front office entrance from where our staff escorts their child in and out of the vehicle. Parents must show the car line sign to pick up, stay in their car, and drive out of the driveway promptly once their students have been picked up or dropped off to allow for smooth traffic flow.

Parents who arrive 20 minutes after the dismissal time need to park their car in the designated parent parking area, walk to the Activity Area and sign out for their students.

First two early drop-off or late pick-up are excused; afterwards a \$5 fee for every 15 minutes of early drop-off or late pick-up is charged.

Students must check out at the office when leaving school early and must check in at the office when returning or arriving late. If this procedure is not followed, the student will receive an unexcused absence for the entire day. Parents are requested not to go directly to the classroom, but wait at the front office for early release or late drop off. **Advance notice of early pick up is required. Students will not be released 15 minutes prior to their scheduled dismissal time unless there is an emergency and appropriate supporting documentation is provided.**

PK, DK students may opt for half-day. PK students can be picked up between 12:45 – 1:00 pm; and DK students may be picked up between 1:30 – 1:45 pm. Parents must submit Early Dismissal Form through Quickschools Parent Portal. Monthly tuition will not be reduced for early dismissal; after-school charges will start applying if students are not picked up within the designated time.

## **ENROLLMENT POLICY**

Enrollment is open to all children, provided space is available in the grade in which admission is sought and school can meet needs of the child. Everest Academy does not discriminate based on sex, race, creed, religion, disability, gender, age, or political belief.

Students applying to Pre-Kindergarten and Developmental Kindergarten must be 3 and 4 years old respectively by September 30th of the academic year for which the student is seeking admission. They must be toilet-trained before starting school.

New enrollees in the middle of the school year must take and pass a placement exam. They are kept on probation for their first grading period.

### **1. Required Documents**

The following documents must be provided in order to enroll a student at school.

- Completed Forms that are provided by the School Office
- Birth certificate
- Complete and updated immunization records validated by a physician or public health clinic.
- Social security card
- Complete records from previous school. These include:
  - Official transcript, report card, or progress report signed by the administration of the previous school
  - A statement, book card, withdrawal form, or computer card clearing the student's records from the previous school

At the time of registration, parents are required to furnish emergency numbers which include parents' work number, doctor's phone number, and a friend's/relative's phone number. This information helps us to contact parents in case of a child's illness or any other emergency. Parents are required to notify the school office immediately for change in address or phone number.

### **Prekindergarten Program**

- Students should be fully toilet trained to be considered eligible for enrollment at Everest. Understanding that with changes in the environment children may regress, each student has a 4 week grace period to adjust to their new surroundings and routine. Parents with children who have regular accidents after the 4 weeks will be asked to keep the student at home for at least a week for toilet training. Students whose skills have not improved afterward will no longer be

eligible for PK enrollment and their applications will be placed back on the waiting list. Such parents will be welcome to re-enroll their child once he/ she is fully toilet trained and space is available.

- Parents desiring to register their student for half day may submit the application via Quickschools Parent Portal; early dismissal window for Prekindergarten and Developmental Kindergarten is 12:45 – 1:00 pm and 1:30 – 1:45 pm respectively. We kindly request parents to adhere to the determined dismissal timing so that regular classroom routines continue with minimal disruption for the full-time students. **Please Note:** Early pickup does not decrease the monthly tuition amount. Students are charged after care rates of \$5 for every 15 minutes the child remains in the classroom past the designated pickup time. Parents who wish to change early dismissal students to full day must notify the office in writing.
- Parents are requested to follow school timings for pick-up and drop off. Morning assembly begins at 7:50 am and is an integral part of transitioning students from their home to classroom setting. Instruction begins promptly at 8:00 am and includes some of the most important lessons of the day as students’ attention levels are highest during the morning hours. Students are expected to participate in the morning assembly and be prepared to engage in their lessons attentively throughout the day.

- School rents a commercial bus or van.
- Staff and/or volunteers provide transportation through their cars with appropriate safety measures.

1. Parents are informed via phone, email, or school management system (Quickschools) at least two weeks before the field trip.

2. They are asked to fill and submit Field Trip Consent Form along with medical and emergency information for their student.

3. If approved by school, all parents accompanying students to field trip as chaperons must fulfill the following requirements:

## **GRADING AND PROMOTION POLICY**

Promotion from one grade to the next at the end of an academic year is not automatic. To be promoted to the next grade, a student must have a final average of 70 or above in both Mathematics and Language Arts and at least a 'D' overall average. If a student has a final average of less than 70 for any subject other than Mathematics or Language Arts, a remedial Plan of Action is developed mutually by parents, teachers, and principal to ensure that the student reaches the required level of proficiency in that subject.

Students also need to meet the attendance requirement for promotion to next grade level. The state compulsory attendance law allows for legal action, if necessary, for excessive absences. Students absent for more than 20 days during the school year may not be given credit for the academic year, unless proper documentation is provided that validates the reason for absence. Such students may need to attend summer school or provide documentation for certain number of hours of community service as determined by school administration.

### **Honor Roll**

In order to recognize our high-achieving students, the following Honor Roll policy is in place for grades KG and up.

- Students maintaining a GPA (grade point average) of 4 attain "Honor Roll" status. The GPA of 4 must include 90% in all subjects including Conduct/ Behavior.
- Honor roll mention is determined at the end of each term.
- Honor roll students are recognized with certificates of merit and other appropriate rewards.
- Only full-time students are eligible for the honor roll.

Everest Academy does not discriminate in the methods, practices or materials used for determining honor roll/honorable mention status on the basis of sex, race, national origin, ancestry, creed, physical, mental, emotional or learning disability.

### **Report Cards**

Per local school district policy, report cards will be released through Quickschools Parent Portal electronically at the end of each term. Printed report cards will not be distributed.

## **CHARACTER EDUCATION**

### **Introduction**

Character Education is the intentional, proactive effort to instill students with important core and ethical values. Character Education traits

- Affirm human dignity
- Promote well-being and happiness of the individual
- Serve the common good
- Define everyone's rights and obligations

### **Why is Character Education crucial and urgent today?**

- Children are bombarded with multiple negative influences through media and other external sources in the society.
- There has been an increase in incidents of violence, drugs, alcoholism, and other negative influences in schools.
- Research shows that children spend only 38.5 minutes a week (33.4 hours a year) in meaningful conversation with their parents, while they spend 1,500 hours a year watching television.
- There is a lack of focused guidance and moral education by parents due to both parents working outside the home and spending less time with their children.
- There is a nationwide urgency and awareness for the need for character education.
- Thirty-one states mandate or encourage character education by statute.

It is, therefore, critical that we recognize this urgent need.

### **Eleven Principles of Effective Character Education**

Character Education Partnership (CEP) ([Www.Character.Org](http://www.Character.Org)), a national advocate for character education, suggests that a comprehensive and effective character education curriculum must follow eleven basic principles:

- Promote core ethical values as the basis of good character
- Teach students to understand, care about, and act upon these core ethical values

- Encompass all aspects of the school culture in promoting said values
- Foster a caring school community
- Offer opportunities for moral action
- Support academic achievement
- Develop intrinsic motivation and awareness of how their behavior affects others
- Involve all staff members
- Ensure positive leadership for staff and students
- Involve parents and community members
- Periodically assess results and strive to improve

### **Foundations and Underlying Principles of Character Education:**

- Good character is not formed automatically
- Good character is developed over time through a sustained process of teaching through example, learning by doing, and practice.
- It is developed through a focused teaching of character traits and their manifestations.

### **The 7 E's of Teaching a Character Trait by Dr. Thomas Lickona**

1. Explain it - define it, illustrate it, and discuss its importance.
2. Examine it - in literature, history, and current events.
3. Exhibit it - through personal example.
4. Expect it - through codes, rules, contracts and consequences.
5. Experience it - directly.
6. Encourage it - through goal setting, practice and self-assessment.
7. Evaluate it - give feedback.

### **Everest Academy Character Education Program**

Everest Character Education Program aims to build students' character by incorporating desirable traits into daily lessons. Character traits thus become the language and culture of classrooms and entire school. The approach of introducing a trait and then not following through with it would be the same as introducing a new lesson and then never building it into the next one. A school wide activity is done as possible to reinforce the monthly character trait.

### **Monthly Character Traits**

For the 2018-19 year, Everest Academy is incorporating Allah Subhanahu Wa Ta'la's attributes and effective habits into character education program. Every month, students will be learning about a certain character trait, its corresponding habit, and how our Rabb has taken it to the highest level. # CRISIS MANAGEMENT PLAN

## 1. Overview

At Everest Academy, one of our staff's major responsibilities is safety of the students. Our Crisis Management Plan (CMP) consists of security measures, procedures, and staff responsibilities in case of an emergency or crisis. A crisis is defined as any situation that jeopardizes the safety and security of students and staff. It can be expected or unexpected. A crisis can be anything from a gas leak to a threatening person in the school's facility.

Everest Crisis Management plan focuses on a time-limited, problem-focused intervention to identify, confront, and resolve the crisis, restore equilibrium, and support appropriate adaptive responses. The objective of this plan is to enable Everest Academy staff to respond, communicate, and manage crises in the most effective way possible.

As part of the CMP, staff is required to first and foremost protect themselves and the students around them; to stay calm and demonstrate courage at the time of crisis. Teachers serve as role models to students.

## 2. Current Safety and Security Measures

Our administrative team serves as Emergency Operations Managers (EOM). As the EOM, their responsibilities include:

- Serve as the link between the school and parents, law enforcement, and other external organizations.
- Inform the staff of any dangerous situation and enforce appropriate emergency procedures.
- Trained in CPR and First Aid; facilitate training for staff every year.
- Trained in emergency tactics
- Keep an updated roster of all employees and students.
- Ensure that all rooms have emergency routes posted, first aid kits, and functional flashlights.

Everest Academy has taken the following steps to ensure that the safety of the school facility is maximized:

- A thorough All Hazards Crisis Management Plan is developed and enforced. A copy is kept in the Security Manual that is kept in the principal's office and accessible to all EOMs.
- Relocation strategies, designated areas, and procedures for all drills are discussed at employee orientations and meetings.
- Safety drills such as fire, tornado, and lockdown are conducted on a regular schedule. Log is kept in the Security Manual.
- Emergency Exit folders are provided to staff that contain
  - Red and green colored cards for displaying to rescue team in case of emergency exit. Staff is trained to hold up green card to show all clear and red card if the rescue team needs to go in the building to rescue a student.
  - Building floor plan

- Student rosters with medical and parent contact information.
- Emergency phone numbers
- Student attendance sheet
- All Hazards Crisis Management Plan
- Security cameras are installed for continuous surveillance; these are checked regularly for smooth functioning.
- All doors that lead outside are locked keeping the building sealed during hours of operation. The only entrance into the building is via the front office which is monitored by administration. All unfamiliar/new visitors are required to check in at the front desk, display their ID, and are issued a Visitors Badge, which must be returned to the front desk when leaving the campus.
- Emergency exit routes are posted near door of each room of the building.
- Emergency phone numbers are posted at key areas and provided to staff.
- Two full-time trained security officers with marked patrol vehicle are on duty during school hours.

### 3. Emergency Evacuation

Staff is trained on emergency evacuation plan. School floor plan with primary and alternative exit routes is posted in all rooms of the building. In case a staff notices any emergency situation, he/she may call 911 before contacting the principal or front desk. If needed, the EOM will call 911 and initiate emergency exit process by following the procedure below.

**Signal:** Fire Alarm beeps (EOM to activate)

#### Procedure

1. Students exit classroom via both doors and WALK in orderly lines.
2. Students evacuate the building by designated routes to the parking lot
3. Teachers:
  - a. Carry their cell phones and Emergency Folders which include red and green colored cards, building floor plan, student rosters with medical and parent contact information, emergency phone numbers, attendance sheet, a copy of All Hazards Crisis Management Plan.
  - b. Ensure that all students are out of the classroom.
  - c. Ensure that all exits are clear.
  - d. Close the classroom door
4. Staff and students assemble in the parking lot; teacher takes roll and accounts for each child.
5. Students are supervised by the teacher that was in charge of their supervision at the time emergency exit process was initiated.

6. Students remain in orderly and silent lines until all clear signal is given.
7. If needed, all staff and students relocate to the nearby designated place of evacuation. The designated place of evacuation is Family Worship Center located at 910 Brand Ln, Stafford, TX 77477. Phone number is (281) 499-0551. After evacuation is completed, teachers will call their students' parents to notify of emergency evacuation via their cell phones.

#### 4. **Fire Safety**

Fire drills are scheduled once every month during the school year. The EOM maintains log of fire drills in the Security Manual. Instructions on how to use the fire extinguishers are attached in the Appendix of this document.

In case of fire in the building, all children and staff exit the building as shown on the evacuation maps posted in their rooms. Staff and students remain at their designated locations until the 'all clear' signal is given. Fires will be reported to the division of public health within twenty four hours by EOM. Below is a step-by-step guide to help staff take the necessary steps to ensure safe exit in case of fire.

**Signal:** Fire Alarm beeps (EOM to activate)

##### **Procedure**

1. EOM activates fire alarm and calls 911.
2. Staff exits with the children, via the pre-determined evacuation routes. Everyone proceeds to the parking lot outside of the building.
3. Staff carries their cell phones and Emergency Folders which include red and green colored cards, building floor plan, student rosters with medical and parent contact information, emergency phone numbers, student attendance sheet, a copy of All Hazards Crisis Management Plan.
4. An EOM ensures that rooms are empty, including offices, classrooms, washrooms, library, cafeteria, kitchen, and storage rooms.
5. A designated person uses a fire extinguisher if it is safe to do so.
6. No one is allowed to re-enter the building without permission from the school administration.
7. Once the administration announces that the building is safe to re-enter, staff and students follow the same routes towards the building and enter their classrooms.
8. Homeroom teachers recount their students and take attendance to ensure all children have arrived safely in the building.

#### 5. **Disaster Management**

##### **A. Natural Disaster (Flood/ Tornado) or Gas Leak**

In case of a natural disaster or gas leak, the following procedure is followed:

1. EOM determines whether it is safe to enforce Campus Lock-down, Tornado Safety Procedure, or evacuate the building. Announcement will be made via the school sound system.
2. Staff implements the appropriate procedure based on the announcement.

## **Tornado Safety Plan:**

Tornado drills are conducted at least once each semester.

**Signal:** Announcement via sound system. An EOM says “We are enforcing Tornado Safety Plan”

### **Procedure:**

1. All students move quietly and orderly to the designated shelter area of the building that is away from windows (school hallway) and assume a “duck and cover” position.
2. Teachers take role and account for all students, signal the administrators after all students are accounted for when they check the shelter areas.
3. All may return to class when notified by the administrators.
4. All staff members, parents, guests and community people on the grounds during a drill are encouraged to participate.

## **B. Man-made Disasters: Lock-out and Lock-down**

In case of a violator emergency (e.g. active shooter on campus or in the vicinity), it may become necessary to secure the facility to protect occupants and minimize the overall exposure to danger. An EOM will call 911 and Stafford Police Department at (281) 261- 3950. Lockdown may be for the perimeter or for the campus.

### **1. Campus Lock-out:**

Campus Lock-out is done when the school facility requires a perimeter closure to prevent anyone from entering. This procedure is enforced in case of an intruder/ dangerous person in the area as notified by police department or any other reliable agency.

**Signal:** If possible, an announcement is made via sound system. An EOM says “We are going into Campus Lock-out”. Otherwise teachers are alerted via text on their cell phones or in person by an EOM.

### **Procedure:**

All occupants of the school building lock all doors and windows, pull down window blinds, and not allow entry or exit to anyone until ‘all clear’ signal has been announced. They can move about quietly to take care of urgent needs such as using bathroom, eating, or drinking. Staff and students are expected to:

- Follow instructions
- Remain calm
- Remain indoors, e.g. in office or classroom
- Close and lock all doors
- Turn off as many lights as possible.
- Turn off gas and electric appliances, e.g. heater, fan, coffee maker, gas valves, lights and locally controlled ventilation systems, e.g. air conditioner.

- Use phones only for emergency notification to police
- Do not shelter in open areas such as hallways or corridors. Go to the nearest classroom or any other room that can be locked. Place a sign on the entrance indicating the **lockdown** is in effect
- Seek nearby shelter, e.g. large trees, walls, mail boxes if outdoors, and wait for additional instructions from the school administration
- Do not unlock doors or attempt to leave until you feel all is clear. The EOM will notify all building occupants as soon as the situation is safe.

## 2. Campus Lock-down:

School campus is locked down when there is an intruder/ dangerous person inside the facility and the building occupants need to be protected.

**Signal:** If possible, there an announcement is made via sound system. An EOM says “We are going into Campus Lock-down”. Otherwise teachers are alerted via text on their cell phones or in person by an EOM.

### **Procedure:**

All occupants of the school building lock all doors and windows, not allowing entry or exit to anyone until ‘all clear’ signal is announced. They can move about quietly to take care of urgent needs such as using bathroom, eating, or drinking. Staff and students are expected to:

- Follow instructions
- Remain calm
- Remain indoors, e.g. in office or classroom
- Close and lock all doors
- Turn off all lights.
- Be seated below window level, toward the middle of a room away from windows and doors. If possible, hide in any quiet area if attached to their rooms e.g. bathroom
- Remain silent
- Turn off all radios and silence cell phones or any other devices that emit sound
- Lay on the floor by heavy objects, e.g. tables, filing cabinets for shelter in case gun shots are heard
- Turn off gas and electric appliances, e.g. heater, fan, coffee maker, gas valves, lights and locally controlled ventilation systems, e.g. air conditioner.
- Use phones only for emergency notification to police
- Do not shelter in open areas such as hallways or corridors. Go to the nearest classroom, lecture hall or auditorium that can be locked. Place a sign on the entrance indicating the **lock-down** is in effect
- If outside of school building, seek nearby shelter, e.g. large trees, walls, mail boxes if outdoors.
- Do not unlock doors or attempt to leave until you feel all is clear. The EOM will notify all building occupants as soon as the situation is safe.

## INCLEMENT WEATHER POLICY

On bad weather days, Everest Academy follows the local school district- Fort Bend ISD's decision on school opening and closing. In case of inclement weather, whatever the district announces- delayed opening, school closing, or regular school hours, Everest Academy will also do the same.

Parents are notified of school closing due to inclement weather as soon as a decision is made. Usually, the final decision for school closing or opening due to inclement weather is made by 6:00 a.m. on the day of, based on all information available at that time. School notifies parents of such last-minute decisions by email, text (if they have signed up) automated phone call and school website.

In the event the School needs to close due to serious weather conditions while it is still in session, parents are called to pick up their child by a designated time. Late pick-up charges are enforced if a student is not picked up within 20 minutes of the designated time. In case of extreme emergency, any students not picked up during designated time may be taken to a staff's home.

## IMMUNIZATION

Prior to enrollment, students must obtain all age-appropriate immunizations and tests as required by the State of Texas. After admission to the School, parents are responsible for regularly updating their student's health files to reflect new immunizations and to keep the records current.

In the event a student is under-immunized because of a medical condition or any other reason, parents must be provided proper documentation, signed by appropriate government agency.

If proper documentation is not provided at the time of enrolment student may not attend school until up to date records are submitted.

Parents should ensure that all required medication is submitted to the school along with clear instructions for its use. All medication should be in its original prescribed bottle by the physician.
5. In case of accident or illness, parents of the child are called immediately. In serious cases, the child may be taken to one of the local hospitals by ambulance or emergency vehicle for treatment and the parents are called as soon as possible.

## **PARENT INVOLVEMENT**

### **PARENT INVOLVEMENT POLICY**

As the students' "home away from home," our school is a very special place both for parents and their children. Parents are always welcome to visit their child at Everest Academy.

We believe that a positive home-school relationship builds the foundation of quality education. It is important that parents and staff communicate freely with each other. There may be events in the student's family that may have a positive or negative effect on his/her personality. Being knowledgeable of such events helps us in responding to the unique needs of each student.

There are many opportunities for parents to participate in the school's programs. These opportunities include participation in field trips, classroom enrichment projects, and PTO (Parent Teacher Organization). Our PTO fosters active partnership between parents and staff, enabling them to collaboratively facilitate the best possible learning environment for our students. The PTO has established guidelines for membership and participation, and a nominal fee may be required from all members.

### **PARENT RESPONSIBILITIES**

Parents are their children's first and most important teacher. At home, parents may:

- Establish high expectations for their children.
- Inculcate the importance of hard work and responsibility for learning in their children
  - Create a home environment that supports learning:
    - Teach children that school is important and needs to be taken seriously.
    - Provide a quiet place at home for study.
    - Make sure their children do their homework and do it well.
    - Turn off the TV until homework is done.
    - Read to their children—or having their children read to them.
    - Talk to their children about schoolwork and current events.
    - Ensure that their children are prepared for school each day.
  - - Review school rules and discuss them with their children.

\* Teach children common courtesy and respect for others and expect them to demonstrate them at home and in public.

### **At school, parents are responsible for:**

Developing positive working relationships with their children's teachers and school staff by:

- Participating in parent-teacher conferences to learn about their child's performance and the curriculum the class will be expected to learn.
- Informing school staff if their child is having difficulty at home or in school, seeking help when needed.
- Cooperating with the school in resolving problems.
- Attending school events to get acquainted with people important for their children's success.
- Attending school and district discussions about important educational issues.
- Keeping informed of school policies and procedures.

## **AUTHORIZATION FOR PICK UP**

Students are released only to authorized individuals, as mentioned on the student registration form. In order to authorize any additional person other than those listed on the form, parents must submit a request in writing. When the newly authorized person arrives at school for pick-up, their photo ID are checked and matched with the information on file. Form for alternative pick-up is available at the office. In case where a parent is using an alternative pick-up, school must be notified in advance of the pickup.

Telephone authorization for pick-up may be accepted if school administrators can verify the voice of parent or guardian and a call-back number for the parent or guardian is checked and approved. If an unauthorized person arrives at school to pick up a child, parents are called and the student is not released till such authorization is verified.

### **1. Parents under the influence of drugs or alcohol**

Teachers do not allow any child to get into a car with a parent or their authorized person they suspect is under the influence of drugs or alcohol. Staff may notify relevant authorities of such incidents.

### **2. Legal Custody**

If parents are engaged in custody issues, they are required to keep the school administration fully advised of circumstances which might affect school and the student.

It is the responsibility of parents to keep the authorized list of people allowed to pick up their child current and accurate. Unless legal documentation is submitted to the contrary, parents share equal rights to drop off or pick up a child.

If there is a change in legal custody and one parent is granted sole custody of the child, and the other parent is no longer authorized to have contact with that child, parents must inform the school administration and provide a copy of the court order confirming the custody. A copy of such legal documents will be kept in the child's file at the school.

## **BIRTHDAYS AND OTHER CELEBRATIONS**

Everest Academy does not celebrate student birthdays. Parents may send treats to share with their student's classmates throughout the year and are requested not to associate them with their student's birthday. Any food that comes from home that is meant to be shared among the children must preferably be either whole fruits or commercially prepared packaged foods in factory-sealed containers; parents are requested to make sure that ingredients are Islamically approved/ zabiha halal and free from nuts. Staff checks student's allergy information before serving the treats.

For safety reasons, balloons and lit candles are NOT permitted at School.

### **Observance of Holiday Celebrations**

Everest Academy respects the rich multicultural and religious diversity in our society. It is important that our children become comfortable with and appreciate the multicultural pluralism of their classmates and the larger society. We maintain an atmosphere where children are not over-stimulated by holiday activities, and engage them in Islamic celebrations such as Ramadan, Eid and Haj, as well as celebrations of other cultures that are not contrary to Islamic teachings and are representative of the society at large.

## **CONTACT INFORMATION**

Parents are required to furnish emergency numbers; which include parents' work numbers, doctor's phone number, and a friend's/relative's phone number at the time of registration. Parents are required to notify the school office immediately in the event there is a change in address or phone number so that our records can be updated.

## **COMMUNICATION WITH PARENTS**

School respects parents as major stakeholders and maintains open communication lines with them. Parent newsletters are sent electronically on every alternate Tuesday that contains information on our accomplishments and upcoming events. Important notifications are also sent via email and phone.

Student progress is communicated via weekly reports for Pre-kindergarten and Developmental-kindergarten students. Students from grade 3 and up maintain a daily homework agenda which should be initialed by parents every night. Progress Reports and Report Cards are prepared in the middle and end of term and sent home.

Parents are requested to visit the school website: [www.everest-academy.com](http://www.everest-academy.com) to get school updates, view curriculum, and key policies and procedures. Parents should log into their QuickSchools

## **GRIEVANCE POLICY**

Everest Academy is committed to work with all stakeholders in order to fulfill the mission of school. It is our policy to ensure a fair, effective, and consistent process for addressing grievances. Parents with concerns over a school-related matter are requested to adhere to the following:

1. If the concern is with a teacher and/or classroom service, a conference with the teacher should be scheduled at a mutually convenient time. The matter should be discussed openly and frankly.
2. If a resolution cannot be reached in a conference with the teacher, the matter should then be escalated to the school administration.
3. Most concerns can be resolved at the local school level. However, if further steps become necessary, a parent/guardian may contact the Advisory Panel.

## **HOMEWORK POLICY**

### **1. Definition of Homework**

Homework is defined as tasks assigned to students by school teachers that are intended to be carried out during non-school hours if not completed during class time. Generally speaking, these assignments are routine in nature. For the purposes of this policy, homework does not include long-term projects, research papers, tests, etc.

### **2. Purpose of Homework**

The main purpose of homework is to help students practice and review the work that has been covered in class, to assess lesson understanding, and to find and use more information on the subject. Homework can also serve as a communication link between school and home so that parents may be aware of what their children are studying at school.

Research has shown that schools in which homework is routinely assigned and graded tend to have higher achieving students. However, research has also proven that homework is more effective when its quality supersedes its quantity, and should challenge the students while sustaining their interest. Thus, at Everest Academy, homework is minimal, appropriate to the ability and maturity level of students, well explained and motivational, and clearly understood by students and parents. Homework is tied to the current subject matter, assigned in amounts and levels of difficulty which students can complete successfully, and is checked quickly with feedback to students.
